

CANYON CONTRACTING COMPANY

A division of Terus Construction Ltd.

2992 Tatlow Rd.
Box 3513, Smithers, BC V0J 2N0

Office: 250-847-5907
Fax: 250-847-2357

Dear Residents of Sunset Avenue

Please be advised that Canyon Contracting crews and equipment will be returning to your area on **Friday, July 5th** to begin the work of connecting individual water services to the newly installed water main. This work will involve excavations your property lines and temporary disruptions to water services while we disconnect service pipes from the old system and connect them to the new one. A representative from Canyon Contracting will consult all homeowners in regards to the times and duration of water shut offs and any considerations that may need to be made to accommodate a temporary supply line. If you discover that your water has been turned off and you have not been consulted, please locate a member of the Canyon Contracting crew or contact the band office.

Canyon is committed to working with the residents of Sunset Avenue to insure that any inconveniences associated with our work are minimized wherever possible. Thanks to all for your continued kindness and patience as we proceed with the upgrades.

Sincerely,

Operations,
Canyon Contracting Company
