Post Sec Update Applicants

Planning to apply for post-secondary sponsorship?

The April 30 deadline will come up quickly. Be sure to allow enough time to:

- Research the program you want to take
- Confirm which school offers the program
- Prepare a detailed budget
- Gather transcripts from all previous schools

Please note:

A sponsorship application will only be reviewed once you have also completed your application to a post-secondary institution.

Start early and submit a complete package by April 30.
